- Submit one file with a list of hyperlinks to restaurants and/or online menus.
- In this context, the term “restaurant” includes bars/taverns, bakery/pastry shops, kosher deli, franchise (IHOP, McDonald’s, etc.).
- If the hyperlink is to a restaurant, it should be easy to navigate to its online menu.
- The “menu” may be a list of lunch/dinner/etc. menus (lunch buffet?), that is acceptable.
- There can be kids menus, or vegetarian or kosher menus, etc.
- Examples were displayed in class.
- **Your document should contain hyperlinks to ten restaurants/menus.**
