- Submit your report in a zip archive with the following naming format.

  `StudentId_first_last_CS370_Assignment5_Spring2019.zip`

- Acceptable file formats for your document are docx/pdf/txt.

- **You will receive credit for this assignment only if you attend class on Thursday 3/7/2019.**

- You should be prepared to offer an oral presentation in class on Thursday 3/7/2019.

1   Question 1

- If you have a full/ part time job (military service?), write a short report (approximately one page) about your work experience. (If you do not have a job now but had a job previously, write about that.)

- Describe interactions with teammates, supervisors, clients, etc.

- Describe how projects are specified, job responsibilities are assigned, milestones are met, etc.

- Describe relevant legal/safety/health/hygiene laws or procedures and how they are enforced.

- Describe procedures for customer support/satisfaction with the company products.

- If an employee(s) performs good work, how is this recognized and rewarded?

- If an employee(s) was caught violating company rules (embezzling funds? using company property for personal profit?) what actions were taken?

- *It is acceptable if your report contains more sociology than software engineering.*

- **If you do not have a full/part time job, substitute your experience in college, how you balance your priorities for different classes, homework and exams, etc. Describe in particular your activities for CS370 Spring 2019 Project 1. How did you meet the project requirements, your software design, coding and testing, grade achieved.**
